

Custom Painting Website – Flow Explanation (Hinglish)

1. Homepage Flow

User jab website open karega to usko homepage dikhega jisme logo center me hoga, left side menu hoga (My Account, Order Tracking, About Us, Customer Care, Inbox) aur right side cart icon hoga. Niche 4 main categories dikhenge: Personalized Painting, Canvas Painting, Sketch aur Specials.

2. Product Selection

User kisi bhi category ko select karega jaise painting ya sketch. Uske baad wo customization page par jayega jaha wo apni requirement choose karega.

3. Customization Options

User apne product ko customize karega: Material (canvas ya paper), Size (small, medium, large), aur Frame (with frame ya without frame).

4. Photo Upload Feature (Most Important)

Yeh sabse important feature hai. User apni photo upload karega jisse painting banegi. Iske sath user description bhi likh sakta hai jaise 'black and white sketch' ya 'background change karna hai'.

5. Order Submission

User jab sab details fill kar lega to wo order submit karega. Uske baad ek message show hoga: 'Thank you for your submission, you will be updated in your inbox soon.'

6. Admin Panel Flow

Admin panel me admin ko sab orders dikhenge. Admin uploaded photo aur details check karega aur order ko confirm ya cancel karega.

7. Payment Flow

Important baat: Payment turant nahi hoga. Pehle admin order confirm karega, uske baad hi user ko payment option milega.

8. Order Tracking

User apna order track kar sakta hai. Status hoga: Pending → Confirmed → Processing → Completed.

Final Flow

User → Product select → Customize → Photo upload → Submit → Admin confirm → Payment →
Order complete
